

Dynalco's **NEW!** Product Service Agreements for RECIP-TRAP Portable Analyzers offer a substantially better value than before...

- Lower cost
- Better turnaround times
- No limit on # of sensor replacements each year
- A 2-day quick turnaround option (cost based on PSA level)
- Price is the same regardless of age of unit.

Get your trap covered with a PSA and receive...

- “Bumper to Bumper” coverage on all parts and labor to return the product to working condition.
- Annual Calibration (once per calendar year) includes:
 - Inspection and repair as required
 - Full calibration with calibration label affixed to the unit
 - System functional check
- Automatic hardware and firmware updates. This does not include any new features that may be added.
- RTwin software updates as released, within version (i.e. 9.2 to 9.3).
- The PSA will cover all reasonable wear and tear on the equipment. Items that have been abused, damaged or broken will not be covered under the PSA.
